

## Information for Authors

If you wish to present a paper at NDT in Progress 2017, please download the [template for abstracts](#). Prepare please the abstract before **June 30, 2017** and follow the instructions on the workshop's [online registration](#) web page.

All papers will be published in printed and flash memory Proceedings, and online on the ndt.net web page. Further possibilities of presentation will be also used. For manuscript preparation, follow please [Paper guidelines](#) (NDT.net guidelines) and use the [Paper sample](#) template available below for download. Submit your paper text in editable format .docx, .doc, or .rtf. Upload the paper using the conference [registration form](#). In case your paper contains complicated equations, please send the paper also in .pdf format to the organisers – using e-mail [ndt2017@it.cas.cz](mailto:ndt2017@it.cas.cz)

All papers will be reviewed and in a case of unclarity the authors will be asked to amend the paper.

Please do not forget that the papers will be published only after the author's Workshop registration. One author can present two papers at most.

### Information for Authors of Posters:
